We pride ourselves at HANDS for having an excellent policy of continuation of supply and will always try our best to satisfy client requirements on top up orders on older models. Illustrations shown here include Court, Quatro, Libra, Cygnus, Gemini and Whitehall.

We have been making chairs for over 100 years and pride ourselves for having an excellent reputation for our excellent policy of continuation of supply. Beautifully made classic Hands chairs from the Gemini, Cygnus, Libra, Court, Quatro and Whitehall ranges are still manufactured and readily available in a wide choice of hides and fabrics. This meets our policy to be an environmentally conscious company that goes to great length to ensure its furniture is sustainable.

HANDS is a ISO9001, 14001 and FSC certified company, we therefore ensure that the Classic chairs are made from the highest grade solid ash and beech, in turn sourced from Forest Stewardship Council (FSC) certified suppliers.
