

Verdi

Verdi is the ultimate in contemporary executive desks and tables, born out of the reputation that HANDS have in producing high quality furniture for the past 100 years, you simply can't get any better. Crafted from a combination of sustainable FSC solid timbers and a huge choice of beautifully hand selected and matched veneers, VERDI is available in both freestanding and workwall-bench style designs.

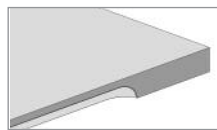

It is a complete range consisting of wall panels, shelving, fixed and mobile storage as well as a variety of tables and desks. The mitred V profiled legs are sculptured out of solid timber and hand finished to an unrivalled standard. The unique desk edge profile follows the inner gentle curve of the leg giving a friendly ergonomic approach to desk work.

Verdi Edge

Two edge details and the specially designed 'curved' edge are available as standard on the Verdi range. The curve profile runs fluently with the inner shaping of the beautiful solid timber legs.

Verdi Square

Verdi Curve

Base - Leg detail

A simple clear design using four solid timber legs chamfered and profiled to give maximum use of space and strength. Legs are available in the following solid FSC timbers: Walnut, Oak, Cherry, Ash and Beech

Cable Management

In addition to items available with the "Handling IT" section Page T7, Verdi has its own specifically designed vertical cable containment attachment.

Storage
